INTRODUCTION

This is an index to the 1870 Census of Fayette County, Ohio. It includes heads of household and those persons in the household with a surname different from the head of household.

This index was compiled from microfilm, not the original census. Some of it was difficult to read due to faded ink, erasures, poor handwriting, etc. Also, spelling was not uniform and the script used sometimes made it difficult to decipher the letters. Please keep these factors in mind and check all possible spelling variations.

No attempt was made to correct the enumerators spelling of names.

Each letter and number code refers to township and page number of the census: i.e. WAY-605 refers to Wayne township, page 605.

The microfilm for Fayette County started with page number 400 in Concord Township and ended with page 621 in Wayne Township.
